OFFICE OF PETITIONS

In re Application of	:
Hayes and Young	:
Application No. 10/622,808	: DECISION ACCORDING STATUS
Filed: 17 July, 2003	: UNDER 37 CFR 1.47(a)
Atty Docket No. NPW 346	:

This is in response to the renewed petition filed under 37 CFR 1.47(a) on 26 May, 2004. The Office apologizes for the delay in responding to the present petition.

The petition is **GRANTED**.

Petitioners have shown that the non-signing inventor, Jerry A. Young, has refused to join in the filing of the above-identified application after having been sent a copy of the application papers. Specifically, petitioners have established, via the declaration of David J. Edlund, that a copy of the application was sent to the non-signing inventor. However, the non-signing inventor did not return an executed declaration listing him as a joint inventor along with Alan E. Hayes. Furthermore, an additional copy of the application sent to the non-signing joint inventor was returned as undeliverable, and petitioners have shown that despite diligent efforts, the non-signing inventor could not be reached.

The above-identified application and papers have been reviewed and found in compliance with 37 CFR 1.47(a). This application is hereby accorded Rule 1.47(a) status.

As provided in Rule 1.47(c), this Office will forward notice of this application's filing to the non-signing inventor at the address given in the Declaration. Notice of the filing of this application will also be published in the Official Gazette.

After this decision is mailed, the application will be referred to Technology Center 3746 for examination in due course.

Telephone inquiries related to this decision should be directed to the undersigned at 571-272-3231.
